💼 Professional Summary

Professional Summary Software Engineer with over 3 years of experience in full-stack development, with a strong focus on Java 17 with Spring Boot, scalable microservices, and integrations with financial APIs and message brokers. Solid experience in modern architectures, Docker containerization, CI/CD with Jenkins, automated testing (JUnit + Mockito), and report generation. Contributed to key projects in both public and private sectors, working with technologies such as Java, .NET 8, Node.js, Kotlin, relational and non-relational databases, and front-end development with Vue.js, React, and AngularJS. Certified by Meta, Microsoft, and Oracle.

💻 Professional Experience

GEAP – Full-Stack Developer - Mid Level
Jan/2025 – Atual

- Back-end development using .NET 8 and SQL Server (procedures and optimizations).
- Creation of modern interfaces using Vue.js + Quasar.
- Migration of legacy ASPX systems to modern .NET platforms.
- Integration with Azure services for secure and scalable solutions.
- Supported systems for over 347,000 public health beneficiaries

PREVIC – Back-End Java Developer
Mar/2023 – Mar/2024

- Developed microservices with Java 17+, Spring Boot, Hibernate, and Oracle DB.
- Participated in government system modernization (Project CAND).
- Implemented secure external integrations and standardized REST APIs.
- Automated testing with JUnit, Mockito and CI/CD using Docker, Jenkins.
- Contributed to DDD modeling and followed SOLID principles.

ATP Tecnologia – Java Developer
Mar/2024 – dec/2024

- Built native Android apps (Kotlin + Java) with POS payment APIs (VERO, Mercado Livre).
- Deployed applications to proprietary devices.
- Developed web widgets with React.js hosted on AWS.
- Optimized web interfaces for scalability and performance.

Green Corporate – Junior Java Developer
 Feb*/2022 – jan/2023*

- Implemented backend features with Java, Spring Boot, JPA/Hibernate.
- Integrated external APIs and consumed REST services to expand app functionality.
- Collaborated with front-end developers and designers to ensure seamless integration.

🧠Technical Skills

- **Languages & Back-End Frameworks:** Java (Spring Boot), .NET 8 (C#), Node.js, NestJS
- **Front-End Technologies:** React.js, Vue.js (Quasar), Tailwind CSS
- **Mobile Development:** React Native, Kotlin, Java (Android)
- **Databases:** SQL Server, PostgreSQL
- **Architecture & Cloud:** Microservices, REST APIs, RabbitMQ, Azure, AWS (basic), Docker, CI/CD
- **Tools & DevOps:** Git, GitHub Actions
- **Integrations:** Financial APIs and POS systems (VERO, Mercado Livre)

📒 Certificações

- **Foundational C#** – Microsoft / FreeCodeCamp
- **Professional Front-End Developer** – Meta (Facebook)
- **Java Explore** – Oracle
- **React Native Expert** – Meta (Facebook)
- **Android Developer Professional Certificate** – Meta (Facebook
